ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

Who called me? When only a teleph ne number is known, this Numerical Teleph ne Directory will assist in determining the n ne of the subscriber—with this information c nbined with other sections of your City Di ectory you may quickly establish such infor ation as wife's name, place of employment, ob title, home address, business address and lephone number.
